Arm Tattoo

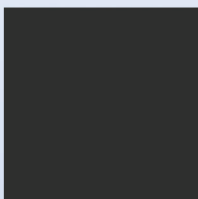

"Athena's tattoo was inspired by her namesake Athena, the goddess of wisdom in battle. The Omega symbol that lends its name to Omega Squad was also the symbol of the goddess Athena, and her prized owl also makes an appearance in the symbol. The Omega and feathers motif can also be seen on the front face of her Aspis shield."

- Matt Armstrong, Borderlands Franchise Director

SOFTWARE

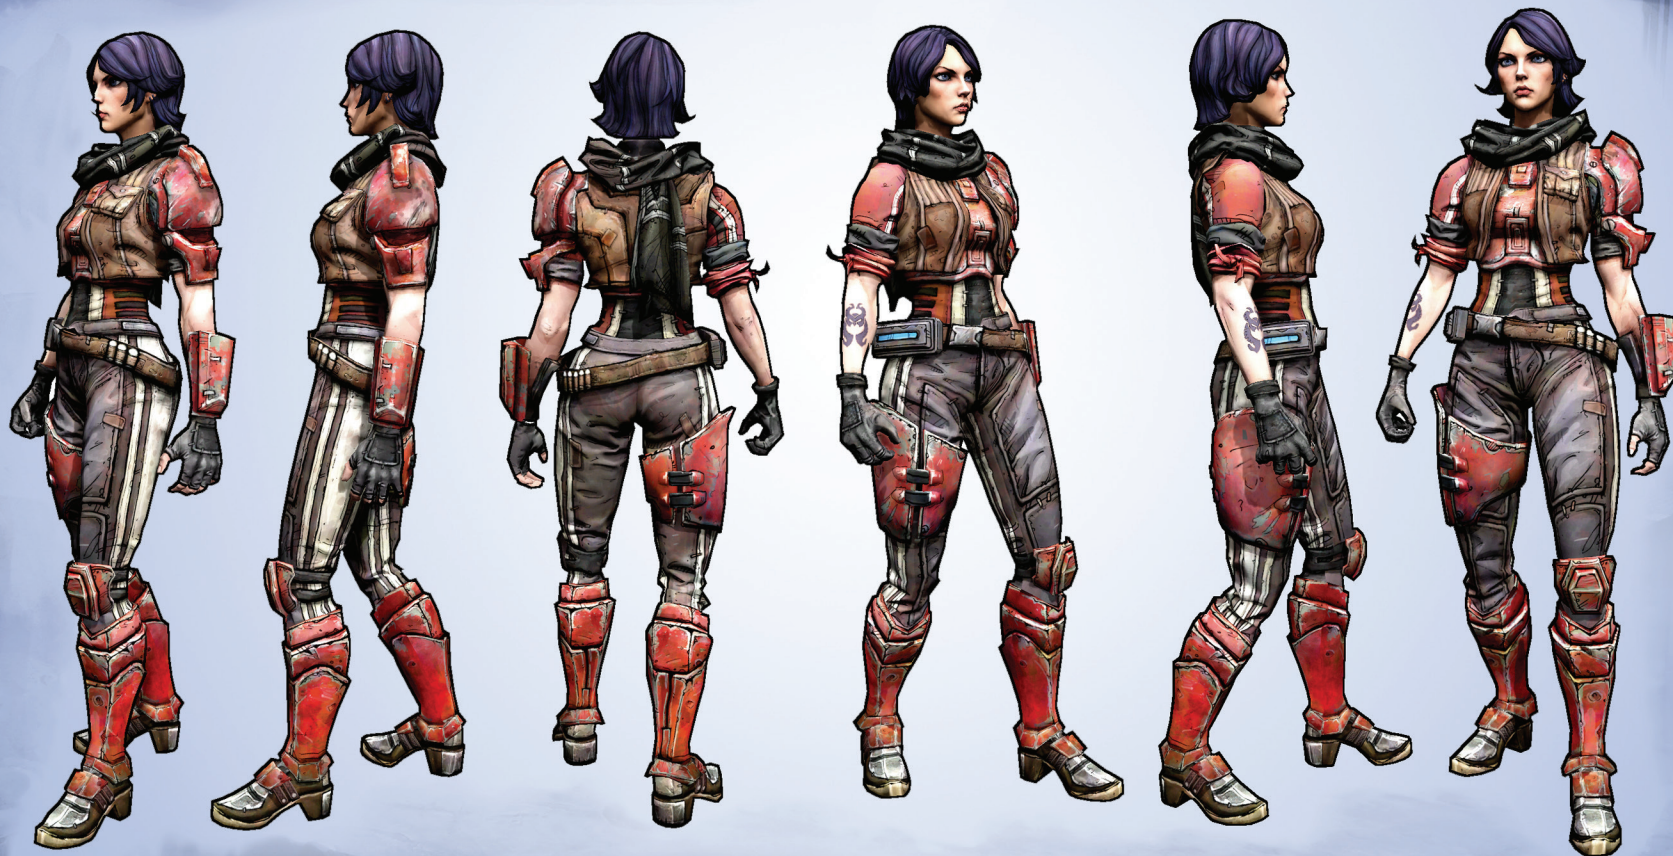

Equipment

Aspis

Sword

“Former leader of a secret branch of the Crimson Lance: The Omega Squad. An elite trained assassin and born leader. Athena fights on the frontline with her custom Aspis kinetic shield absorbing damage and defending her allies. She was born to lead, and does not suffer fools.”

- Matt Armstrong, Borderlands Franchise Director
