Promos and run-ins are now available to the mode, giving Superstars exciting new possibilities to perform during shows. An updated interface highlights what's happening for each show, allowing players to find information about their favorite Superstars and champions. Our new show presentation creates an authentic **WWE** experience, letting you play through shows in **WWE** Universe just as you would watch them unfold on TV.

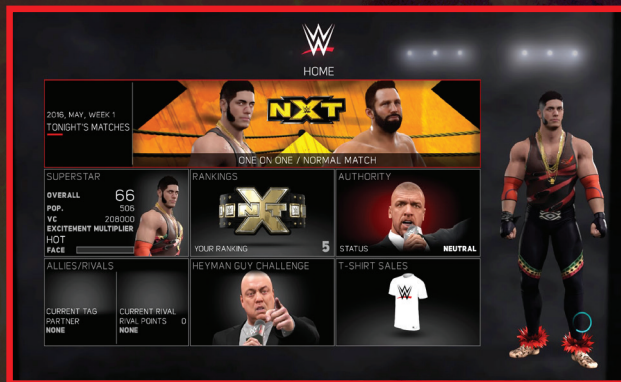

## MyCAREER MODE

An expanded MyCAREER mode lets you pursue the dream of becoming a **WWE** Superstar like never before. For the first time, you can start your Custom Superstar off on the main roster or on NXT. Delivering great matches will help you earn VC to spend on improving your skills, learning new moves, hiring managers, and other boosts. Putting on five-star matches isn't enough for winning over the **WWE** Universe, however – you will need to build your Superstar's popularity by getting strong on the mic and even through pushing your Superstar's T-shirt sales. With the new promo feature, you can hype up the arena, interrupt other Superstars' promos, or berate the crowd. Become the face or heel you've always wanted to be.

Rivalries are now bigger and better, spanning multiple months of pay-per-views. Eclipsing your rival in the ring and on the mic will earn you great rewards. You can even face your friend's Custom Superstars as rivals through the Career Invasion feature. And, of course, The Authority will make their presence known throughout your career as well. Will you appease to get them to give you the matches you want, or will you defy them and oblige them to get in your way? And if securing the title around waist just doesn't feel like enough, you can stake out another and become a double champion!
