"Jack isn't the head of a corporation yet, so he's new to the concept of dressing well, but he's got some tips from his recently-estranged girlfriend Moxxi to help him out on that front: a nice jacket, some yellow accents, and a pair of boots that subtly help him be the tallest guy in the room. His favorite gun is Hyperion. His favorite color is Hyperion. His favorite everything is Hyperion. Jack IS Hyperion. Or he will be. Soon."

“Jack. A hero. The hero. He may look like a middle management worker at a huge corporation, but don't doubt the truth. This is a VERY HANDSOME middle management worker just waiting for the right opportunity. And if that opportunity involves lots of people dying, that's fine. He can deal. Because that's what heroes do. They win when lots of people die.”
