Shirt Emblem Detail

Nisha's custom emblem is a purple skull with her own hat and crossed pistols.

Purple is her favorite color, and she's deadly with a pistol. A cowgirl through and through, Jakobs is dear to her black and twisted heart.

**“Nisha is tall, lean, and full of orneriness. She's the baddest girl in the Borderlands, with a mean streak a mile wide. But hell, at least she wears it with a smile.”**
